

# CVCCA Casino Night 2008

▪ P. O. Box 3611 ▪ Pinedale, CA 93650 ▪ (559) 233-8052 ▪

FALL, 2008

Central Valley Cycling Charitable Association (CVCCA) is a charitable wing of the Central Valley Cycling (CVC) racing team. You may already know CVC from seven years of bringing International bicycle racing to the Central Valley and now CVCCA is creating successful recreational cycling events like the Fresno Cycling Festival and other fundraisers. Our group of recreational bicycle riders is dedicated to raising funds for charitable causes. In our first year alone, we have made an impact on the valley by donating over \$130,000 to the Central California Blood Center, the Leukemia & Lymphoma Society and The Lance Armstrong Foundation.

Our latest event will incorporate our team philosophy of fun and fundraising – it's **CVCCA Casino Night Fall Extravaganza!** The evening of November 1, 2008 will transform a local estate into an elegant casino with fine dining, and the fun and excitement of prizes and a silent auction.

Your generosity will support our club and allow us to continue our mission to impact our community. This season our efforts once again support The Lance Armstrong Foundation in their important work with cancer survivors and The Central California Blood Center, to which our team has committed to funding the purchase of a new blood mobile. We thank you in advance for your donation to CVCCA's Casino Night fundraiser.

We would like to request a sponsorship for the Casino Night. Sponsors will be acknowledged in our printed program and highlighted throughout the evening. Our attendees and supporters will see your business as a generous supporter of our community. Attached is a flyer, which details the various sponsorship levels and the benefits that each one provides.

Central Valley Cycling Charitable Association is a non-profit 501 (c)(3).

Thank you again for your generosity and support.

Kind regards,

-----
